Two items of expenditure have been admitted by the Dfs Court -

38-8-7 The costs of Venkata Lingaiah which the Dfs Court says the Petr is entitled to a refund.

200-00 Madappa Court's low valuation of improvement -

There is no reason why these two just items should not be refunded to the Petr. Even again the Petr has applied for Rs 35 from a third party whereas he seems to have obtained only a portion of the amount of 54-0 which was the price fixed by the vendor at the auction sale - A proportionate amount seems to be deducted on account of S. 2-48 which the Petr is understood to be allowed to retain.

With regard to the valuation of the improvements it has to be considered with reference to the interests the Petr

Sir,

In reply to your official Memorandum No. 311 of the 23d August 1897, forwarding for report a petition from Madar Sab of Gubbi, appealing against my order declining to grant him compensation for his lands submerged by the restoration of the Mavinhalli tank, I have the honor to state as follows:—

2 On the restoration of the Chengavi tank, the Chengavi Amrit Mahal Kaval was transferred to the Revenue Department for purposes of wet cultivation — The Kaval was divided into small numbers and the right of occupancy of each number was sold by public auction on the 17th March 1893. At this sale, petitioner Madar Sab purchased

purchased in his own name for Rs 8 the marginally noted 11 numbers, measuring a. G. 19 - 26 and assessed at Rs 44-4, and numbers 60, 88, 81, 82 and 68, measuring a G 8. 1 and assessed at Rs 18-8 in the names of his friends for Rs 6. 8. 0. He also obtained by private purchase from Syed Hussein for Rs 35, lands, numbers 86 and 48 measuring a g 3 - 33 assessed at Rs 10. 8. 0 for which the latter had paid Rs 5. 4. 0 at the public auction of 17th March 1893. Thus petitioner held 13 numbers covering an area of a G 31 . 20 assessed at Rs 73. 4-0 for which he had paid Rs 49. 8. 0.

Nos. 56, 76, 80, 84, 85, 87, 89, 90, 92, 93 and 94.

When?

2/3 of 85 = 23-5-4.

3. On the restoration of the Mavunkalli tank in the following year, all the above mentioned lands along with others similarly situated (with the exception of 1 acre and

11 gunlas

Irgulas in Survey number 48 which is still under occupancy) were submerged. Petitioner claims Compensation for the submerged lands or for the grant of other lands in lieu thereof.

4. As regards the request of the petitioner in the matter of compensation, I beg to invite reference to my letter n° 627 dated 15th January 1897, and Government order thereon n° 7126/1275 of the 6th February 1897, from which it will be seen that the persons who purchased lands which formed the Chengavi Anicut Mahal Kaval were fully aware of the improvements that were being carried out to the Marimallai Tank in the bed of which the Kaval land was situated and of the fact that the lands they purchased would be submerged on the completion of the work. On this ground a refund of the purchase money was deemed sufficient compensation. Petitioner's

Case

case was therefore dealt with along with that of other purchasers and a sum of Rs 16.10.3 was refunded to him for the 18 numbers in his occupancy.

5. The 18 numbers mentioned in para 2 were in Petitioner's occupancy for only a single year, Viz, 1893-94. They were struck off his Khata in 1894-95.

6. As to the improvements to the lands in question which Petitioner says he carried out at a cost of over Rs 1000, he has produced no reliable proof. The evidence of the witnesses examined by him on this point, some of whom were cultivators under him, is vague and not precise. Petitioner himself has kept no account of the expenditure incurred by him. Taking into consideration the fact that the lands in question, being the bed of a tank, were of uniform level, it seems to me that Petitioner may have incurred but a small expenditure

expenditure in bringing the lands under cultivation, probably not more than Rs 200, as estimated by Petitioner's witness. Annapaya (vide paper no 23 in the record)

7. Madar Sab has paid Rs 38.8.7 on account of the cost of the Bandhs erected by Government on the lands taken up by him. He seems entitled to a refund of this amount.

8. Petitioner's request for grant of land in lieu of the submerged lands in question is clearly inadmissible. The case of the late Regimentdar Ramakao Pannavar quoted by the petitioner was treated as a special one in consideration of his services to Government, and the lands granted to him were given without sale.

9. Madar Sab's petition and its enclosures are, herewith, returned together with the Vernacular records relating

to the case

Sir,

In reply to your docket no. 3164 P&A 12-1900 dated the 15th October last, re Compensation Claimed by Madar Saib of Gubbi for his lands submerged by the restoration of the Maconhalla tank, I have the honor to resubmit the Vernacular papers connected with the subject and to state as follows:-

2. The sum of the bonds erected on the lands in question (Rs 38-8-7, which was recovered from Madar Saheb should be refunded to him.

3. In the absence of ... proof which Madar Saib has failed to produce, and having regard to the fact that the lands in question formed the bed of a tank and were of a uniform level, I am not prepared to admit that Madar Saheb was

was put to much expense in bringing the
lands under cultivation. All that he
and others who similarly took up lands
in the neighbourhood, had to do was, I
believe, to get the land divided into terraces
for paddy cultivation. Being the first year
of cultivation, much of manure could not
probably have been used. It is also
improbable that with a likelihood of
losing the lands as soon as the Mavinhalla
tank was completed, any person of Madar
Saheb's intelligence would have risked any
money on such improvements as would con-
tinue for the benefit of the land in subse-
quent years. I have reason to believe that
for the small expenditure Madar Saheb
and others incurred in getting the lands
cultivated, they have been amply compensated
by the yield of the rice crop of the year,
which must have been a very good one, the
soil being fresh and impregnated with
good silt manure. For these reasons,
I am of opinion that Madar Saheb
is

is not entitled to any payment from Government on account of the so called improvements, the nature of which it is not possible to determine at this distance of time.

4. I have no objection to Madan Saheb being paid the price he paid for no:86, after deducting the sum of Rs 54-0 which he has already received. This will amount to Rs. 18-3-9.

5. The question of payment for improvements and cost of cultivation will affect a large number of persons who, Equally with Madan Saheb lost their lands consequent on the improvement of the Marina Salt Works.
